## **E-Bulletin 75 August 2013**

**Below are some dates and events that may be of interest to you**

### **[Enable NSW Survey](#)**

In NSW EnableNSW was established to provide centralised assistance, for people who have a lifelong or longterm disability, to live and participate in their community by providing equipment, aids and appliances (also known as assistive technology). We are very keen to receive information about your experiences.

This will assist in informing the work of the Physical Disability Council of NSW (PDCN) and other members of the Assistive Technology Community Alliance of NSW. The Alliance works for improvements to the provision of supportive equipment and assistive technology as a basic right of people with disability.
