E-Bulletin 72 January 2013

Below are some Upcoming Events that may interest you

[2013 NSW Community Care Forum - Living and Ageing Well](#)

Date - 20 Feb 2013

Venue - Australian Technology Park, Sydney South NSW

Aged & Community Services Association of NSW & ACT (ACS) invites your organisation to participate in the 2013 NSW Community Care Forum – living and ageing well on 20 February at Australian Technology Park.

This is a new event which will hopefully attract approximately 200 delegates from across NSW's community care sector so make sure you get in early and don't miss the opportunity to be involved.

The speaking program has been developed around the Conference theme – **living and ageing well**.

Community care services are, and will always be, the foundation for supporting the growing ageing population in NSW. These services support over 200,000 people per year and the demand for services will continue to grow as consumers view in home and community based services as the service of choice to meet their needs, whilst acknowledging their independence and right to make decisions. This growth is taking place in a time of transition in home and community care that presents both opportunities and challenges for the sector.

To register your attendance, [please click here](#).

[2013 Activating Enablement Forum](#)

Date - 21 Feb 2013

Venue - Australian Technology Park, Sydney South NSW

The 2013 Activating Enablement Forum has been designed to cater for representatives from community care organisations that have already been involved in awareness raising/ education sessions on the enabling philosophy and are looking to find out more on the practicalities of implementing the enabling approach.

The Forum would be of benefit to executive managers/officers, board members, case managers/coordinators, direct care staff, from such organisations. For more details, [please click here.](#)
